WOODY AND STEINA VASULKA in person

VIDEO ARTISTS

"...I recall my surprise then at the visual impact and sensitivity to mutating shape and color...I sensed that their commitment... with the video medium as visual expression transcended practically all other artists' work I had viewed in the medium...in their work they continue to demonstrate a deep knowledge and awareness of the older and more traditional artistic mediums, in particular, painting, sculpture and early photography..."

(Robert Buck, Jr. Director, Albright-Knox Art Gallery)

"My interest is in the question of visual language, ambiguity of codes which are considered visual, and concept of image-score..."

(Woody Vasulka)
