Dear Woody,

Thanks for your last fax reassures me now that I know your really coming. You ask in your fax how we can deal with the costs for the crew (accomodation and food). In my fax of September 3 I already indicated that I could try to raise our budget from the original 7900 US\$ to 8700 US\$ to cover some of these costs. With this in my mind I found a way to raise the original budget finally to 9000 US\$ which will at least cover the accomodation costs for two hotel rooms (one double and one single room for 10 days). I can find a cheaper hotel but this one is with shower and bathroom and incl. breakfast. I hope this can satisfy you somehow as most of the problem is solved by this.

Let me know the exact day of arrival as soon as you know it because the hotel reservations must be done in advance of course and the further in advance the better choise one has.

Greetings

Alex

STEINA,

Here are the CD's. Ofcourse I am still with V2. I can't let Joke and Alex handle everything now can I? There's just too much work to be done.

Well I hope that all is well in New Mexico and I hope to see you and Woody sometime real soon.

Best wishes.

Peter
