*INCLUDES CONTAINER

General Description: The above spheres are made from spun aluminum halves which are continuously heli-arc welded together and then polished.

CLASS II SPHERES

006-B	6"	15.24	8 OZ.	\$ 25.00
012-B	12"	30.5	32 OZ.	\$ 50.00

General Description: The 6" and 12" diameter tac-welded sphere is made from spun aluminum halves held together with equally spaced tac-welds. The welds are machined flush. These spheres are not polished.

CLASS A/B SPHERES

008-A/B	8"	20.32	21 OZ.	\$ 41.00
012-A/B	12"	30.5	32 OZ.	\$ 66.00
014-A/B	14"	35.56	44 OZ.	\$ 72.00

General Description: The above spheres are made from spun aluminum halves which are continuously heli-arc welded together. The weld is then dressed flush and sphere is not polished.
